To Whom It May Concern:

I highly recommend Helen Stewart and her employees at Precise Catering. We have used their catering services for the past 4 years for our workshop series that lasts 5 weeks and has between 40-45 people.

Helen is very professional, easy to work with, flexible and accommodates our requests. They have provided continental breakfasts, boxed lunches and deli buffets which is presented well and is always very tasty. Our participants always have positive comments about the food.

We are very pleased with their catering services and plan to use them for as long as we can. When asked by colleagues for catering recommendations I always give them Precise Catering as an option.

If you have any questions regarding my experience with Precise Catering please feel free to contact me.

Sincerely,

Danielle Holing

To whom it may concern;

This letter is to let you know that I highly recommend Helen Stewart and her employees at Precise Catering. I use their services for an annual series of workshops put on for between 40 to 45 people over a 5 week timeframe.

For these events they provide a continental breakfast, box lunches and a buffet dinner. The food is delivered on time; it is fresh and always receives compliments from the workshop participants. When it is necessary for Precise employees to return to pick up or clean up it is done quickly and quietly. And, Helen has been graciously adaptable to changes made to our original orders.

If you have any questions regarding my experience with Precise Catering feel free to contact me.
